Our Mission:

March 2012

Through Christ's love, help people reach their God-given potential

ENTIOX...GRACIAS...THANK YOU!

From Glenda:

.I would like to thank you for the confidence you have placed in me personally to be able to manage the administration of ASOSAP. I say this because there was a time when you said that we Pokomchi would not be able to do this. However, with your support and confidence, we have realized that we do have a God-given capacity, and by you giving us the opportunity, we have gained the confidence to accomplish it on our own. Thank you for causing us to feel useful

and important in life.

.All I can give you in return is my effort and my honesty to do my work well, to achieve the well-being of my people and my co-workers.

I know that it has taken a lot of effort for you to obtain the funds that you send us, but God will know how to repay you for all that you do so that ASOSAP can continue to help the Pokomchi people reach their God-given potential. For without God, neither you nor we could have

achieved what we have.

From Sebastian:

We know that there is one God of Blessings and the He is the Owner of all the gold and silver. For this reason I firmly believe that God will reward you a hundred-fold for your donations and support. Thank you for all that you do for the people in the Pokomchi communities and for us of ASOSAP.

From Carlos:

Thank you for your donations; they enable us to keep working and completing the construction projects that help our Pokomchi people. I also thank our God for giving us life every day and, through you folks, for giving us our daily bread.

From Alvaro:

May the Lord greatly multiply what you give. Thank you for the confidence you have placed in us staff of ASOSAP and in me personally. We will continue to pray for all of you that God would provide for all your needs.

Recently when checking our emails, we were surprised by a group of Thank You Letters from the Pokomchi staff of ASOSAP to all you Northern Supporters.

It's an honor and a joy for us to pass them on to you....

From Conzuelo:

I want to say that we are very thankful and content for all that you have done for ASOSAP. Even though we are Guatemalans, you have put your confidence in us and have believed in us; you have believed that we have the capacity and ability to take the Gospel to those who most need it, trusting in God to be faithful.

ASOSAP exists thanks to the help of all of you. You have given us the opportunity to help our own people, going to the most remote places to give our people the emotional, physical, and spiritual support they need. As people in our own country, we can be agents of change in a significant way. All of you are also part of ASOSAP. You are the most

From Dolores:

We know that Hope of the Pokomchi exists by God's will and through the support that you give us. I know that the work that you and we accomplish together has managed to bless many people and this fills my life with great satisfaction.

Since joining Hope of the Pokomchi, I have grown in various areas, but the area most important has been my spiritual life because I have learned to have greater faith and trust in God.

What impresses me most about Hope of the Pokomchi is that not only does it promote the development of the Pokomchi communities, but also the development of its own staff.

important, like a fountain or spring, because you financially sustain ASOSAP. Without your donations we could not achieve anything in our country and we feel very committed to do good work.

We hope that you feel blessed to be part of us, because we feel blessed to be part of you all. Thank you very much for being part of our families, and we believe that God will richly reward you.

The goodness of God always manifests itself with those who most need it and who hope in Him. We of ASOSAP realize that Faith changes the future of God's children by means of great people like you. The secular world believes that it only takes money in order to survive. But the reality for those of us who believe in God, is that it's God's love that is the key. Love is necessary in order to have all that it takes in abundance to be able to help those in need. God has not made a mistake in allowing us to be born in the place or family in which we are – whether into poverty or into wealth. God has a purpose for each of us, a destiny He wants to fulfill in each of our lives.
