## COMINGS AND GOINGS IN ASOSAP

We welcome **Sonia** into our ASOSAP family, even as we miss our bright \*SPARK\*

**Dolores**. The challenges of a heavy academic load in this last year of Dolores' 6-year engineering studies, in addition to being a wife and mother, have prompted her decision to step down from working for ASOSAP. Sonia speaks English, Spanish, and Pokomchi. She is motivated and energetic.

**Conzuelo** has only 4 months left before completing her 3 1/2 year-studies for professional nursing. She is a real treasure and the heart of compassion.

**Pablo**, our young scholarship student for the last 6 years—middle school, then agricultural college—has flown

the ASOSAP nest. We had hoped that he would spearhead an agriculture program for us, but it was not to be.

Gentle soul, **Claudia**, who had a one-year contract with us left at the end of last year. Her second child is due any day.

Claudia, Dolores, Glenda, Conzuelo

Our guys—**Alvaro, Carlos, and Sebastian**—continue to work quietly and efficiently "behind the scenes", helping **Glenda** do a great job.

QUOTE OF THE MONTH:

Faith is not believing that God can; it is knowing that He will.

## COUPLES' RETREAT A SUCCESS

Our first ever spiritual retreat for pastors and their wives, and the ASOSAP staff, which we hosted in October last year brought joy, encouragement and much blessing to all who participated.

We are already planning the next one for November of this year and anticipate more great blessings for all.

## NEWEST HEALTH POST DOING WELL

### A THOUGHT TO PONDER...

"FAITH MAKES THINGS POSSIBLE, NOT EASY."

The physical upgrade of the tiny, dilapidated health building in Rosario Italia which was completed in October 2013, has been offering full time health care thanks to nurse Jaime.

Just this month, our guys have started putting up a security fence around the building .

ASOSAP's monthly chronic patient clinics continue here and in our two other health posts. This service not only enhances the quality of life for many villagers, but also saves lives.

## WAITING GAME

Speaking of construction, we are still waiting for 2 more contractors to do on-site visits and submit their quotes before the new Multi-Use Center can be built.
